KARIN HESS
Competency-Based Assessment

KEN O'CONNOR
Standards-Based Grading

Do you struggle to find measures of student growth that reflect important goals for learning? Those things that matter most for long-term student success are the most difficult to measure, report, and evaluate.

Join with colleagues from throughout the state to examine different perspectives about assessing student learning.

This full-day Thinkshop is designed to encourage new ways of thinking about assessment and measurement in your classroom, school, or district.

BREAKOUT SESSIONS
