

**EASTCONN's Assistive Technology Consortium Packages offer:**

**Student Assessments that include:**

- ❖ Focus on AT, AAC, or a combination of both
- ❖ Focus on transition to college, career & community settings
- ❖ Consultation with the educational team
- ❖ On-site evaluation in the natural environment
- ❖ Written report
- ❖ PPT attendance to present findings

**Consultation and Training Options:**

- ❖ Focus on individual student AT or AAC training, implementation and integration into the educational plan
- ❖ Consideration of AT to support a program, classroom or grade level(s)
- ❖ Training on use and integration of AT devices, whether tools already in district or new tools being introduced

**Access to the Lending Library:**

- ❖ Loan of appropriate devices for student trial
- ❖ Professional access to devices for exploration of new AT and AAC devices, tools and apps
- ❖ Temporary replacement of student device, if available, when student's device is being repaired or replaced
