**Celebrate National School Breakfast**

**Week March 4-8!** This is an annual national campaign designed to raise awareness of the National School Breakfast Program (SPB) in school communities across the country. First launched in 1989 by the federal government as a means for all K12 students in the United States to have access to a nutritious school breakfast, now more than 14 million children participate each day!

# FOOD NEWS!

- ❖ Freedom of Information Day celebrates and recognizes a valuable concept in American rights. March 16th is the birth date of James Madison, the 4th president of the United States of America. James Madison is recognized as the "Father of the Constitution", and the chief author of the "Bill of Rights". Freedom of information and individual rights was very important to James Madison. Did you know? The Freedom of Information Act was passed into law in 1966. It opened up a wealth of information to American citizens. James Madison would be very pleased!
- ❖ March 20<sup>th</sup> is the first day of Spring! The Spring Vernal Equinox brings days and nights in equal proportions. It is simply the day when there is exactly 12 hours of daylight and 12 hours of nighttime. But, did you know that this is only true on the Equator? For the rest of us, the timing is a little sooner, or later, depending upon where we live on the planet. The other thing to note is that the Spring Equinox is just a calendar date. From a standpoint of weather in your area, real spring arrives sooner or later depending upon where you live in the Northern Hemisphere.
