

October 21, 2022

Dear Families,

Earlier today, out of an abundance of caution, EASTCONN programs located in Windham were issued a shelter-in-place order.

At approximately 11:50 a.m., this shelter-in-place order was lifted in Windham.

Once again, the safety of our students and staff is our first priority, and we will always work collaboratively with local authorities and take the necessary precautions to ensure everyone's safety and well-being.

Sincerely,

Eric Protulis, EASTCONN Executive Director
Diane Dugas, EASTCONN Director of Leading and Learning
Amy Margelony, EASTCONN Director of Pupil Services
